Serial No.

What about columns 9 & 10 which have been proposed to be deleted.

Has not the Superintendent to forfeit his remissions earned as a punishment in his case when a prisoner has committed a serious offence forfeiting his remissions earned. In that case column 10 becomes necessary.

In column 3 to 6 deals with remissions already earned. During the subsequent quarters remissions will have to be calculated under the rules hereby proposed & columns 9 & 10 do not seem to be necessary.

What does a separate column 5 mean. Can the same information be shown in column 4.

Mr

25/5

31/5

Serial No.

Columns 7 to 11 relate to fractions earned & not to remission, though the heading at the top, as now printed seems to cover Columns 7 to 11 also. I would suggest the heading to confine itself to Colms 3 to 7 & a separate heading given to Colms 7 to 11. The sheet is called remission sheet, but the fractions earned along with remission is also entered therein.

The proposal in para 3 of the letter explains that Cols 9 & 10 are unnecessary as there is no provision in the Jail Manual for the grant of special gratuity or forfeiture of the same. There is thus no need for Columns 9 & 10.

The new Columns is suggested to make the sheet self-contained. In each offence there is some forfeiture of remission. The information can be obtained from the registers, but a Column like the one suggested will at a glance show, whether forfeiture ordered is correct — or may near it. The proposal may perhaps be approved with the changes indicated.

Genl. Misc. 5469

No. 732 / 35-23 Office of the Inspector-General of Prisons
in Mysore, Bangalore.,

Dated 27th April 1923.

From

Dr. H. B. Mylvaganam, F.R.C.S., (Eng).,
Inspector-General of Prisons
in Mysore, Bangalore.

To

G. Aravamudu Iyengar Esqr, B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore, General Department,
Bangalore.

Sir,

In forwarding herewith, for favour of perusal a printed form of remission sheet, now in use in the Jails together with a copy of letter No.549/F. 33 dated the 19th instant, received from the Superintendent, Bangalore Central Jail, suggesting certain slight modification in the said remission sheet, I have the honour to state that what the Superintendent, suggests seems to be quite reasonable and to request therefore that you will be so good as to issue necessary instructions to the Superintendent of Government Printing in Mysore, to have the remission sheets printed in accordance with the corrections made in the sheet, in a book form containing 100 sheets each, each ~~containing~~ sheet being perforated in the place marked.

I have the honour to be,
Sir,
Your most obedient servant,

H.B. Mylvaganam

Inspector-General of Prisons.

Letter No.549/F. 33 dated 19th April 1923 from the Superintendent, Central Jail, Bangalore, to the Inspector-General of Prisons in Mysore, Bangalore.

-@-@-@-@-@-@-@-@-

I have the honour to bring to your kind notice that the printed form No. 15 remission sheet of convicts (copy herein enclosed for ready reference) may be slightly modified for the reasons given below:-

1. Under Rule 300, Mysore Jail Manual awards of ordinary remission are required to be made after consulting the prisoners history ticket but there is no record in the remission sheet of having done so. To ensure this and make the remission sheet complete in itself it is proposed to open a column between 2 & 3 in which shall be noted the serial No. of the offence for which the prisoner was punished in the quarter.

2. The existing column 7 should be widened as in it months and days will have to be noted.

3. Columns 9 and 10 are unnecessary as there is no provision in the Jail Manual for the grant of special gratuity or forfeiture of the same. These two columns may therefore be deleted.

4. Column 11 may also be made slightly wider as Rs. as. ps. have to be entered thereunder.

5. Remissions are now noted in loose sheets and thereafter stitched into book form. As this practice may lead to the loss of such loose sheets it is proposed that stitched books containin 100 sheets each may be used for the purpose and each sheet may be perforated in the place marked with black ink dots so that a year after release of a prisoner his sheet may easily be torn off without interfering with the number of pages in each book and leaving the portion, relating to particulars of prisoners number, sentence, date of release and actual release according t remission granted, intact in the book itself. According to the present parctice all remission sheets that are destroyed are entered in a manuscript book. If the above view is confirmed entry in manuscript book may be dispensed with.

6. I submit herewith a sample of the remission sheet in which I have noted the modification proposed above for favour of necessary action being taken in case you confirm my views.
